Mastering Bluetooth and CCTV: Enhancing Security and Connectivity

📅 Thursday, July 20, 2023
Thursday, July 27, 2023

🕐 3 PM EST
4 PM EST

🎤 MGI's Technical Engineers

If you missed out on the first session, don't worry! You still have a chance to experience the enlightening discussions and valuable insights by signing up for the remaining two sessions.

To secure your place, simply click the button below to visit our Registration Page. Once there, fill out your details, and in the next few days, you will receive an email containing all the login information.

It's not too late to join the conversation and gain access to exclusive knowledge from industry experts so don't miss out on this opportunity to delve into the latest advancements in the topics of Bluetooth and CCTV.

What will we cover?
CCTV:
- Introduction to MGI CCTV & MGI / MIFARE - Bluetooth reader
- What systems will work with CCTV and Bluetooth readers
- Management platforms – MGI Ultra and others
- How our Proxy server works / ONVIF
- MGI Product offerings for CCTV

Bluetooth:
- Why MIFARE is a good idea to change from
- Introduction to our ColBlu Portal
- How to add Bluetooth tokens
- How to install the reader
- How to install the CCTV
- How to get started

Q&A

Stay informed, stay connected, and join us for an immersive Tech Talk experience that will empower you with the knowledge to stay ahead in the ever-evolving world of security solutions.
